

County Road (C.R.) 159 (Salem Road) Over Swamp Creek Bridge Replacement Gadsden County

**Existing C.R.159
Swamp Creek Bridge**

Project Information:

The intent of this project is to replace the existing two-lane bridge on C.R. 159 (Salem Road) over Swamp Creek with a new two-lane structure. In addition to the bridge replacement, improvements include new guardrail, new pavement, minor drainage improvements, sodding, and placement of new pavement markings. The new bridge will be constructed along the existing alignment. A limited amount of additional right-of-way will be needed. Bids for construction are scheduled to be received fall 2021.

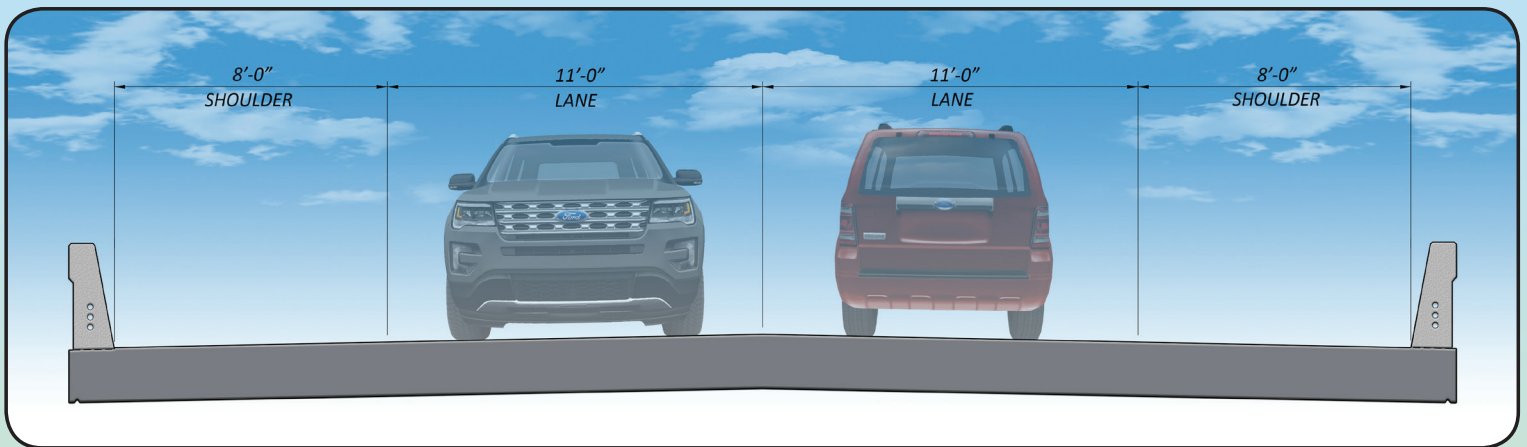

Traffic Impacts:

During construction, both lanes of traffic will be maintained.

Typical Section:

The new two-lane typical section will have the following features:

- Two 11-foot wide travel lanes in each direction
- Eight-foot shoulders in each direction
